Pursuant to the Depository Agreement, the Depository will make the applicable requested disbursement of Bond Proceeds to the Agency (or to such other party as the Agency may request in writing). The availability of Bond Proceeds is subject to the County's compliance with all applicable requirements regarding the use of such proceeds and the timing of such use.

(b) Prior to the disbursements of any of the Bond Proceeds to the Agency for costs incurred or to be incurred relative to the Agency Project, the Agency shall satisfy the County, to the reasonable satisfaction of the Authorized Officer, that the Agency has either satisfactory title to the Property (which may be evidenced by an acceptable pro forma title insurance policy), subject only to those title exceptions acceptable to the Authorized Officer in his or her reasonable judgment, or an adequate easement or leasehold interest for the construction and continued operation of the Agency Project.

(c) Delivery by the Agency of a Requisition Form hereunder shall, in addition to the items therein expressly set forth, constitute a certification, representation and warranty to the Depository and the County, as of the date of such Requisition Form, that:

(i) the total amount of the Bond Proceeds requested represents the actual amount paid or to be paid to the general contractor, subcontractors, and other parties who have performed work on or otherwise provided goods or services in connection with the Agency Project, and/or their payees;

(ii) all amounts shown as previous payments on the Requisition Form (if any) have been paid to the parties entitled to such payment;

(iii) the Agency has approved all work and materials for the Requisition Form, and such work and materials conform to the plans and specifications for the Agency Project; and

(iv) the Agency is in compliance with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, as well as all policies, programs and procedures of the Agency, all as may be in effect from time to time, pertaining to or affecting the Agency Project or the Agency as related thereto, including but not limited to those summarized on Exhibit B of this Agreement.

The County shall have the right, in its discretion, to require the Agency to submit further documentation as the County may require in order to verify that the matters certified to above are true and correct; provided, however, that nothing in this sentence shall be deemed to prevent the County or the Depository from relying on such certifications by the Agency.

(d) If, at any time, with the approval of the County, the Depository disburses Bond Proceeds in advance and in anticipation of the incurrence of costs by the Agency then, upon disbursement by the Depository, such Bond Proceeds shall be held in a segregated account for the Agency Project, and the Agency shall provide the County with the statements for such segregated Project account as part of the quarterly report for such Project required pursuant to Article IV, Section 5 below.

(e) Payment of Bond Proceeds will be made subject to all applicable restrictions on and obligations of the County contained in: (i) the Depository Agreement [and the Insurance Policy], and (ii) all County ordinances relating to the Bonds, including but not limited to the Bond Ordinance, and all agreements and other documents entered into by the County pursuant thereto.

2. The estimate of the cost of the Agency Project is set forth on the applicable portion of Exhibit A hereto. The Agency has delivered to the Authorized Officer a detailed preliminary budget, attached hereto and incorporated herein as Exhibit D. The Agency shall deliver to the County an amended budget (if necessary) in connection with each Requisition Form and a final budget (upon Agency Project completion) for the Agency Project, and when approved by the County in writing such amended (if any) and final budgets shall also be attached hereto and incorporated herein as Exhibit D. The budget shall identify the sources of and uses for all funds for the Agency Project. The Agency certifies that it has identified sources of funds (including the Bond Proceeds) sufficient to complete the Agency Project. The Agency agrees that the County will only contribute the Bond Proceeds to the Agency Project and that all costs of completing the Agency Project over the Bond Proceeds (if any) shall be the sole responsibility of the Agency. If the Agency at any time does not have sufficient funds to complete the Agency Project, the Agency shall so notify the County in writing, and the Agency may reduce the scope

of the Agency Project as agreed with the County in order to complete the Agency Project with the available funds.

3. "Agency Project Improvements" shall mean the capital improvements; land assembly costs; relocation costs; rehabilitation, remodeling, renovation and reconstruction costs; financing costs and other costs, if any, recognized and approved in writing by the County as being eligible costs for qualified economic development purposes under Section 1400U-2 of the Act with respect to the Agency Project, to be paid for out of Bond Proceeds. Attached as Exhibit E and incorporated herein is a preliminary list of Agency Project Improvements. The Agency shall deliver to the County an amended list of Agency Project Improvements (upon Agency Project Completion), and when approved by the County in writing such amended (if any) and final lists of Agency Project Improvements shall also be attached hereto and incorporated herein as Exhibit E. During the course of a Project, the Authorized Officer, based upon the detailed Project Budget attached as Exhibit D and any necessary modifications thereto, shall make or approve such modifications to Exhibit E as he or she wishes in his or her discretion to account for all of the Bond Proceeds to be expended under this Agreement; provided, however, that all Agency Project Improvements shall (i) be for qualified economic purposes under the Act, and (ii) be improvements or costs that the Authorized Officer has agreed to pay for out of Bond Proceeds, subject to the terms of this Agreement.

4. If the aggregate cost of the Agency Project is less than the amount of the Bond Proceeds contemplated by this Agreement, the Agency shall have no claim to the difference between the amount of the Bond Proceeds contemplated by this Agreement and the amount of the Bond Proceeds actually paid by the County to the Agency and expended by the Agency on the Project (the "Excess Bond Proceeds"); provided, however, that the foregoing shall not be construed to preclude the Agency from requesting all or some of the Excess Bond Proceeds from the County to finance other costs incurred by the Agency for the purposes allowed by Section 1400U-2 of the Act and provided for in the Bond Ordinance, subject to the County's approval (in the County's sole discretion). The County may also request that the Agency return Excess Bond Proceeds to the County, in which case the County shall use such Excess Bond Proceeds to reduce the loan obligation of the Agency.

5. The Agency shall provide to the County quarterly reports on the progress and status of the Agency Project and reasonable access to its books and records relating to the Project.

6. During the Term hereof, the Agency shall not sell, transfer, convey, lease or otherwise dispose (or cause or permit the sale, transfer, conveyance, lease or other disposal) of all or any portion of (a) the Property or any interest therein, or (b) any Agency Project Improvement or any interest therein (each a "Transfer"), or otherwise effect or consent to a Transfer, without the prior written consent of the County. The County's consent to any Transfer may, in the County's sole discretion, be conditioned upon (among other things) whether such a Transfer would conflict with the statutory basis for the loan of the Bond Proceeds hereunder pursuant to

the Act. Subject to applicable law, the Agency shall pay any proceeds of any Transfer to the County.

ARTICLE V: TERM

The Term of the Agreement shall commence as of the Agreement Date and shall expire upon repayment of the loan.

ARTICLE VI: INDEMNITY; DEFAULT

1. The Agency agrees to indemnify, defend and hold the County, its officers, officials, members, employees and agents harmless from and against any losses, costs, damages, liabilities, claims, suits, actions, causes of action and expenses (including, without limitation, reasonable attorneys' fees and court costs) suffered or incurred by the County arising from or in connection with (i) the Agency's failure to comply with any of the terms, covenants and conditions contained within this Agreement, or (ii) the Agency's or any contractor's, subcontractors or materialmen in connection with the Project. In no event shall the Agency's obligation to indemnify the County exceed the County's actual damages that are attributable to the actions of the Agency as they relate solely to this Agreement.

2. The failure of the Agency to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the Agency with respect to an Agency Project under this Agreement or any related agreement (including the Depository Agreement) shall constitute an "Event of Default" by the Agency hereunder. Upon the occurrence of an Event of Default, the County may terminate this Agreement with respect to the Agency Project and all related agreements, and may, pursuant to the Depository Agreement, give the Depository written notice to suspend disbursement of the Bond Proceeds (or, in the alternative to disburse the Bond Proceeds only upon the written request of the County) with respect to the Agency Project until such time as the County give the Depository written notice to resume regular disbursement of the Bond Proceeds as contemplated hereunder. The County may by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein. Any such legal proceeding shall be brought in the Sixteenth Judicial Circuit, Kane County, Illinois.

In the event the Agency shall fail to perform a covenant which the Agency is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an event of default shall not be deemed to have occurred unless the Agency has failed to cure such default within thirty (30) days after its receipt of a written notice from the City not capable of being cured within such thirty (30) days period, the Agency shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

3. The failure of the County to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of the County with respect to an Agency Project under this Agreement or any related agreement (including the Depository Agreement) shall constitute an "Event of Default" by the County hereunder. Upon the occurrence of an Event of Default, the Agency may terminate this Agreement with respect to the Agency Project and any other agreement directly related to this Agreement. The Agency may by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein. Any such legal proceeding shall be brought in the Sixteenth Judicial Circuit, Kane County, Illinois.

In the event the County shall fail to perform a covenant which the County is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an event of default shall not be deemed to have occurred unless the County has failed to cure such default within thirty (30) days after its receipt of a written notice from the Agency. If an event of default is not capable of being cured within such thirty (30) days period, the County shall not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such thirty (30) day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.
