This Cooperative Agreement, made the 24th day of July, 2009 is entered into by and between the United States of America (the United States), acting by and through the United States Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) on behalf of the Commodity Credit Corporation (CCC), and Kane County, Illinois (Kane County) for the implementation of the Farm and Ranch Lands Protection Program (FRPP). The CCC shall utilize the expertise and services of NRCS to administer this program and perform the duties set forth within this Cooperative Agreement. The term "Parties" as used herein refers collectively to the United States and Kane County.

I. AUTHORITY.

This Cooperative Agreement is entered into by the United States under the authorities of the Commodity Credit Charter Act, 15 U.S.C. 714 et seq. and Title II, Subtitle E, Section 2401 of the Food, Conservation, and Energy Act of 2008, Public Law 110-234, 16 U.S.C. 3838h and i. In addition to these authorities, this Cooperative Agreement will be administered in accordance with the policies and procedures set forth in the FRPP regulation, 7 CFR part 1491. The CCC administers the FRPP under the general supervision of the Chief of the NRCS who is a Vice President of the CCC.

II. BACKGROUND AND PURPOSE.

Section 2401 of the Food, Conservation, and Energy Act of 2008 authorizes the Secretary of Agriculture to facilitate and provide funding for the purchase of conservation easements that are subject to pending offers from eligible State, Tribal or units of local government or nongovernmental organizations for the purpose of protecting the agricultural uses and related conservation values of eligible land by limiting non-agricultural uses of the land. To be eligible, the farm or ranch land must meet one of three criteria: contain prime, unique, or other productive soil; contain historical or archaeological resources; or further a State or local policy consistent with the purposes of the program. The Food, Conservation, and Energy Act of 2008 authorized FRPP funding for fiscal years 2008 through 2012.

WHEREAS, Kane County and the United States have mutual interests in preventing the conversion of agricultural lands to non-agricultural uses; and

WHEREAS, the United States administers the FRPP through NRCS on behalf of the CCC; and

WHEREAS, Kane County administers a farmland protection program and has pending offers for acquiring agricultural conservation easements from landowners within Kane County, Illinois, and the United States and Kane County have agreed to combine their resources to assure that such areas are protected from conversion to nonagricultural uses.

THEREFORE, the parties agree to enter into this Cooperative Agreement.

III. BENEFITS

The benefit of this Cooperative Agreement is that funds will be provided to the cooperating entity for the protection of farm and ranch lands from conversion to non-agricultural use. Section 2401 of the Food, Conservation, and Energy Act of 2008 authorizes the Secretary of Agriculture to provide funding for the purchase of conservation easements by eligible State, Tribal or units of local government or nongovernmental organizations. Section 1238I of the Food, Conservation, and Energy Act of 2008 authorizes the Secretary of Agriculture to enter into agreements with eligible entities.
