THE PLANNED UNIT DEVELOPMENT IS A CONCEPT WHICH ENCOURAGES IMPROVED DESIGN IN THE DEVELOPMENT OF LAND. IT IS IN THE BEST INTEREST OF THIS DIVISION TO PROVIDE FLEXIBLE LAND USE AND DESIGN REGULATIONS AND PERFORMANCE CRITERIA. THIS DIVISION SPECIFICALLY ENCOURAGES INNOVATIONS IN RESIDENTIAL DEVELOPMENT SO THAT THE GROWING DEMANDS FOR HOUSING ARE ECONOMICALLY REASONABLE. PRICES CAN BE MET BY GREATER VARIETY IN TYPE, DESIGN, AND SIZES OF CHALLENGES AND BY THE CONSERVATION AND MORE EFFICIENT USE OF LAND IN SUCH DEVELOPMENTS. THE LESSON FOR US IS TO ACCURATELY REFLECT THE BEST AND THE POTENTIAL FOR ADAPTATIONS IN ALL MARKETING, AND SALES DISPLAYS, BROCHURES, EXHIBITS, AND OTHER INFORMATION.
