

UWI-HOME ENERGY AUDITOR TRAINING PROGRAM

***Are you a handy person?
Are you interested in the building industry trade
and/or do you have building industry experience?
Do you want a good paying job?
Do you want to own a business?***

If you answered yes to one or more of the questions, call (630) 851-2203 to learn about FREE training to become a Home Energy Auditor. Through this program, you will learn how to go beyond a traditional energy audit to perform comprehensive, whole-home assessments, identify problems at the root cause and prescribe and prioritize solutions based on building science.

Persons who successfully complete the technical training program will have the opportunity to earn BPI certification as a Building Professional Analyst™ and will be able to work as an entrepreneur or employee of a home weatherization contractor.

**All classroom training takes place at the
Quad County Urban League
1685 N. Farnsworth Avenue
Aurora, IL 60505**

ACCEPTING APPLICATIONS NOW

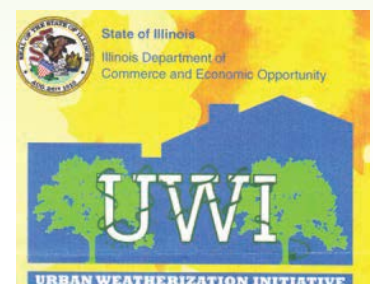

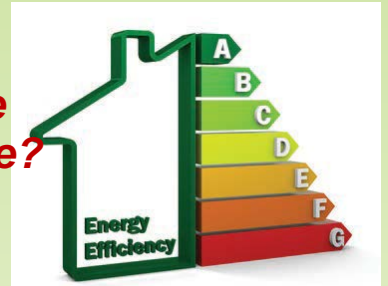

To qualify you must:

- Reside in Kane County
- Be 18 years of age or older
- Have a high school diploma or GED
- Pass a drug screening and remain drug free throughout the entire program
- Score a minimum 10.0 grade level on the Test of Adult Basic Education (TABE)

**Quad County
Urban League**

*Empowering Communities.
Changing Lives.*

The Home Energy Auditor Program is supported by the Illinois Department of Commerce and Economic Opportunity, Urban Weatherization Initiative program. Equal Opportunity Employer/Program. Auxiliary aids and services are available upon request to individuals with disabilities.

For more information call (630) 851-2203 or email uwi@qcul.org

UWI- WEATHERIZATION SPECIALIST TRAINING PROGRAM

Are you a handy person?

***Are you interested in the building industry trade
and/or do you have building industry experience?***

Do you want a good paying job?

If you answered yes to one or more of the questions, call (630) 851-2203 to learn about FREE training to become a Weatherization Specialist. Through this program, you will learn to implement measures to help reduce energy loss, reduce pollutants and allergen, and improve thermal comfort and energy efficiency through the proper installation of dense-pack insulation materials.

Persons who successfully complete the technical training program will have the **opportunity to earn BPI certification as a Residential Building Envelope Whole House Air Leakage Control Installer™.**
