Shred Events Cancelled Until Further Notice

Confidential document shredding will not be offered at events until further notice. Due to the anticipated volume of vehicles that attend, it is logistically prohibitive to offer this service under the safety protocol required in the current phase of the re-opening plan. But we are still having the event and will be recycling electronics, clothes, and books on the above dates. We will continue to monitor the situation and will resume shredding if possible as things change throughout the year.
