2024 Kane County Asphalt Rejuvenator Project

July 11, 2024 - Kane County will begin applying an asphalt sealer/rejuvenator on roads that have been resurfaced within the last two years, starting the week of July 15, 2024, weather permitting. The process will involve applying the rejuvenator liquid, allowing the liquid to cure, placing sand on the treated roads for traction, and then sweeping up the excess material. Pavement preservation techniques utilize lower cost maintenance improvements conducted early in the life cycle of the asphalt pavement by reducing the water penetration that leads to freeze/thaw damage and preventing oxidation of the asphalt material. Please exercise caution while traveling through the work zone, watch for equipment, workers and stay off of the treated roadway until allowed by flaggers.

- Randall Road from 300 ft S of Main Street Rd to 250 ft N or Keslinger Rd/Kaneville Rd
- Fabyan Parkway from Main Street Rd RAB to 875 ft W of Western Ave
- Main Street Road from County Line Rd to Harter Rd
- Meredith Road from Keslinger Rd to IL Route 38
- Thatcher Road from Root Ln to Beith Rd
- W County Line Rd/Hinckley Rd/Jericho Rd from US Route 30 to 1,200 ft NW of Granart Rd
- Bunker Road from Main Street Rd to Keslinger Rd
- Main Street Road from 325 ft W of Old Bliss Rd to 2,130 ft W of Wyatt Dr
- Bliss Road from Main Street Rd RAB to 4,555 ft S of Main Street Rd RAB

Work is expected to occur from the south end of the county progressing north. Construction work hours will be from 7:00am until 5:00pm Monday thru Friday for approximately three to four weeks, weather permitting.

The above-mentioned roads will remain open during treatment, but will be reduced to one lane of travel using flaggers and temporary daily lane closures.

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
