## 911 Telecommunicators Honored During Board Meeting

Kane County Emergency Communications (KANECOMM) employees received a standing ovation at the April County Board meeting for their work as the first point of contact for people seeking emergency assistance.

The 911 Telecommunicators were recognized with a proclamation as part of National Public Safety Telecommunicators Week April 10-16, 2022.

KANECOMM is a multi-jurisdictional dispatch center responsible for the 24/7 deployment of several police, fire and medical agencies located within Kane County.

In the County proclamation, KANECOMM Telecommunicators were honored for their “ongoing outstanding service rendered to the community.”
