ENTITLEMENT PROCESS (Zoning Ordinance Section 25-16-5: APPENDIX A)

The review process for a Zoning Application involves multiple steps and coordination among various stakeholders, typically spanning 4-5 months. It begins with a Pre-Application Meeting with the Technical Staff team, if you have not yet been scheduled for one of these meetings, please contact one of our Zoning Planners.

The deadline for submitting a Zoning Application for review is forty-five (45) days prior to the desired Zoning Board of Appeals (ZBA) meeting date. Please note, applicants are encouraged to submit their applications 1-2 weeks prior to the official deadline for a completeness review by a Zoning Planner to ensure a seamless review process.

If required, the petition may proceed to the Regional Planning Commission (RPC) for review and recommendations to the Zoning Board of Appeals (ZBA). The ZBA then holds a public hearing, to make recommendations to the Kane County Development Committee. The final decision is made by the Kane County Board (KCB) after reviewing all prior recommendations, with meetings typically held on the second Tuesday of each month.

Proposed Land Use: The public boarding of more than ten (10) horses for remuneration

Project Description: (Briefly describe your project below or attach a separate Project Narrative with this Application if more space is required)

See Project Narrative attached as Addendum A.

ADDITIONAL PROJECT INFORMATION

1. How does the proposed use relate to the existing uses of property within the general area of the property in question?

The proposed use of the subject property is consistent with existing uses of property in the general area of the subject property, which is Agriculture / Farming. The proposed use of boarding more than ten (10) non-owner-owned horses for remuneration is just a more intensive use of a permitted use under the current zoning classification. See Chapter 25, Article VIII, Section 25-8-1-1-L and Article VIII, Section 25-8-1-2-AA.

2. What are the zoning classifications of properties in the general area of the property in question?

In the general area of the subject property the zoning classification is F.

3. How does the suitability of the property in question relate to the uses permitted under the existing zoning classification?

The subject property is appropriate for the uses permitted under the F classification, which includes boarding stables and growing hay. The proposed use of the subject property is a just a more intensive permitted use of the subject property in that Applicant seeks a special use permit to allow the public boarding of more than ten (10) horses.

4. What is the trend of development, if any, in the general area of the property in question?

There has been no remarkable development in the general area of the subject property.

5. How does the projected use of the property relate to the Kane County 2040 Land Use Plan?

Pursuant to the Kane County 2040 Land Use Plan, the subject property and the area surrounding the subject property are expected to remain primarily "Agricultural", with an area immediately to the East to remain as "Institutional / Private Open Space". Therefore, the projected use is consistent with the Kane County 2040 Land Use Plan.
